ESTATE BRANCH, PANJAB UNIVERSITY, CHANDIGARH

No. D-28/11/20/865 /D/Estate

28.11.2023

Reference:- Introduction of FTTH voice plan for migration existing landline customers (working in exchange proposed for closing) to FTTH.

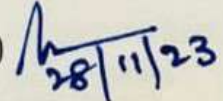

It is submitted that the SDE FTTH North, Sec.17, Chandigarh vide letter No. AGM/S-17/CHD/FTTH/6 dated 10.10.2023 has requested to provide the information of working BSNL lines accordingly for providing smooth services in Panjab University, Campus. (Copy of letter attach herewith)

It is also informed that the personal discussion was made with official of BSNL, Sec.17, Chandigarh and they stated that BSNL is going to close the copper based services shortly, as per new departmental policy of BSNL (mentioned in the attached letter).

The Director, Computer Centre is requested to kindly circulate the same to all the Head of all concerned Branches/Departments/Centers located in Sector-14 & Sector-25, Chandigarh, so that they can be able to provide the details of their respective telephone numbers well in time on the given **E-mail id: lalitmohan2908@bsnl.co.in** of BSNL to make able to switch to new technology by upgradation (fiber high speed and trouble free) with the existing number.

 The Registrar
 Punjab University Chandigarh

No: AGM/S-17/CHD/FTTH/6

Dated 10/10/2023

Subject: Introduction of FTTH voice plan for migrating existing landline customers (working in exchanges proposed for closing) to FTTH.

This is regarding BSNL telephone and internet services provided on old technology (copper cables with low speed and distortion) in your organization, BSNL is going to close the copper based services shortly, As per new departmental policy BSNL has launched special plan of 299 + rental modem of 90 + 18% GST for conversion purpose for landline voice connections and for broadband minimum plan start from 599 + rental modem of 150 + 18% GST for Govt. connections.

For 100 Mbps 799/- + rental modem 150/- + GST
 For 200 Mbps 1299/- + rental modem 150/- + GST

So you are requested to pursue the case for working BSNL lines accordingly for smooth services provided by BSNL for your organization: as earliest. BSNL is pleased to share that now it has become possible to switch to new technology by up gradation (fiber high speed and trouble free) with same number working in your offices.
